

Dear Mother

We bow to You with our hearts completely filled with humility and gratitude, for we are fortunate that You have given us our Self-Realisation in these times and have worked so hard to establish us as Sahaja Yogis. You have given us the incredible experience of growing within the global Sahaja collective and shown us how to lead a Dharmik way of life. But the amount of Sadhna and Tapasya we did to achieve all this, it is almost negligible.

You are the Adishakti, the creator of the whole universe. On the occasion of Your 100th Birthday, the only worthy gift that we can offer to Your Lotus Feet, is to dedicate ourselves to the path You have shown us. We promise to become a united global Sahaja Sangha, to fully establish Nirmal Love amongst all of us and to understand the responsibility we have towards Sahaja Yoga, which is to spread the message of Divine Love to the entire World with complete humility, sincerity and dedication and to establish ourselves in Meditation to be always connected to you and the Divine will.

It is with this pure desire, that on the auspicious occasion of Your 100th Birthday Anniversary, the Sahaja Yogis from all around the world seek your permission to offer a humble song "We Are One" at your Divine Lotus Feet. Please make us united and connected with the source of pure desire and action between all nations, with all our brothers and sisters from all over the world.

Mother, please bless us with Your guidance, so that every choice can be made with vibrational sensitivity and discrimination and be looked after with love and attentive care. Thank You for giving us the opportunity to become instruments of Your Love. Please forgive us for any mistakes we may commit knowingly or unknowingly.

With Love,
Your children from around the world
